Sharing is sexy!

Tiger, Flamingo, Kontor, Big & Dirty, 3 Beat and Spinnin' Records are just some of the big labels you have relased your music on. It seems like nothing will stop you anytime soon! Are you preparing anything new, what can we expect in 2016, what are your plans?

We have just signed a deal with Armada Music and will be releasing some nice house tunes through Armada Deep. Also another single on Flamingo is coming in March. And of course, we are working hard in the studio to make new music everyday!
