A big boo to the Universal spoilsports. A massive yay to her Mixmag Lab debut

Tune of 2015

Hard to say, there have been so many good ones, but if I have to pick one that would be "Sometimes I Feel So Deserted (Skream Remix)" or "Tears" by Prok & Fitch"

Your best DJ moment of 2015

Taking over the MixMag LA Lab with my label/crew In The Loop. Link here: <https://youtu.be/yL8kZUebG4Y> (<https://youtu.be/yL8kZUebG4Y>)

Your worst DJ moment of 2015

I am not going to name names, but seeing people not being able to DJ because they were too high on too many drugs. Keep it together people!

Guilty pleasure track of 2015

The Hills from The Weeknd, I ended up remixing it but Universal took it down in 2 seconds. Almost every day people still ask me how can they get it!

Selfie pic of the year

Meatball the house dog. She looks like an alien...

DJ of the year

Maceo Plex

Label of the year

Suara

Best breakthrough producer

Juliet Sikora

Best DJ argument of the year

Axwell Ingrosso vs the underground. Ugh...

Most annoying record of 2015

Anything FETTY WAP!

Best piece of studio kit launched in 2015

The Pioneer HDJ-C70 Professional DJ Headphones, they are a must when I am DJing, and have been the only ones I used in 2015. Also, the new Pioneer Active Monitor Speaker BULIT8 that I just got for my studio, they are sick!

Biggest loser of 2015

Donald Trump. He's just been saying some really stupid shit

New Years Resolution?

Just to keep working steady towards my goals, constant small efforts is the key to success!
