The boy from Brooklyn giving props to Carl Cox and Transmit in 2015

#### **Tune of 2015**

Boris – “ Can you Hear Me” – The remix Enrico Sangiuliano did has been on the Beatport charts for 10 weeks. It was number 1 for a while and is now the #2 top selling techno track of 2015

#### **Your best DJ moment of 2015**

Thankfully we’ve had many, but I would say our *Get Wet* Pool party during Miami Music Week is always a highlight of the year

#### **Your worst DJ moment of 2015**

Getting to a gig in Mexico, waiting almost 2 hours for the driver, then being picked up and taken to a hotel that had no hot water and the windows were facing the event – so needless to say I could hear EVERYTHING. Then going down to the gig and having the sound cut out on me close to 10 times during my gig. The DJ life isn’t always glamorous as it seems. Lol

#### **Guilty pleasure track of 2015**

Justin Bieber – “ Sorry”

#### **Selfie pic of the year**

A Group DJ pic from our *GetWet* Pool party that usually brings out all the who’s who in the DJ world

#### **DJ of the year**

Carl Cox always does it for me

**Label of the year**

Transmit Recordings of course

**Best breakthrough producer**

Too many to name but I will say some of the guys that have been on Transmit Recordings like D-Unity and Ramiro Lopez

**Best DJ argument of the year**

Always funny watching DJ Sneak get into it with pretty much every DJ on Twitter

**Most annoying record of 2015**

Anything by Taylor Swift

**Best piece of studio kit launched in 2015**

Maschine made by Native Instruments

**Biggest loser of 2015**

NY Mayor Bill DeBlasio

**New Years Resolution?**

To be more successful than 2015 and to open our dream venture. Stay tuned for more detail
