## 90S NOSTALGIA MEETS THE FUTURE OF HOUSE IN THE FRESHCOBAR & GOLDEN GIRL REMIX OF 'MISSING'.

Posted on 28 April 2023

**Freshcobar & Golden Girl** gave the iconic 1994 hit, **Missing** by Everything But the Girl the house treatment in their entrancing new remix that is set to drop on all major platforms on April 28th. The indie guitars have been stripped-back to make room for the big beats, even bigger drops, and the colossal atmosphere that cloaks the remix drenches you in nostalgia while allowing you to simultaneously sample the future of house music.

The Missing Remix is the third single from the producer Freshcobar and the San Diego vocalist Golden Girl. Together, they reincarnated the 90s classic hit with far more intensity and fervour than the original contained, but the vocal mystique is right on brand. The deserts may have missed the rain, but my God, the dancefloors will have also missed this hit. Not all heroes wear capes, sometimes they're reimagining and enlivening the soundtracks to our youth.

The remix will launch via NOS Recordings; check it out on [SoundCloud](#).
