SKAM Artist, DJ Spryte stopped by our office for an interview with BPMSupremeTV. In the interview, you'll hear about Sprytes early start as a Bboy to his transition as a DJ. His career began when he got on the Crooklyn Clan website with a handful of other Westcoast DJs such as Sizzahands, Homicide, Vice, and AM. DJ AM was impressed with the talent that Spryte brought along with him. From there AM reached out and had his good friend Kevin Scott bring him to play Club LAX that was owned by AM. As soon as he established his name there many clubs around the country began booking him as Spryte from Club LAX.

Since then he has made many more accomplishments in his DJ career. Spryte learned to produce thanks to a good friend of his named Ryan. They each had something to offer to each other, Spryte having the capability to expose artist and Ryan with his production skills. They teamed up as a performance duo with the alias MADE MONSTER. Watch DJ Sprytes interview with BPMSupremeTV below for more on MADE MONSTER and some advice he has to offer. Enjoy!
