## DJ SPRYTE S.T.A.Y. 5

January 8, 2012

**DJ Spryte** of Los Angeles has released volume 5 of his S.T.A.Y. (Six Times A Year) mixtape series. He created the series to allow people the opportunity to listen to the current tracks the he is spinning, and obviously does a new mix every 2 months. STAY 5 stands strong with 1 hour and 14 mins of house, pop, dubstep, hip hop, and everything in between. Let me say now, Spryte is not one of the DJs who simply plays one song after the other. He is a creator. He takes what already exists and molds it into something new, a talent that a lot of DJs seem to have lost lately.

STAY 5 includes: Katy Perry – The One That Got Away, Gotye – Somebody That I used to Know, Flo Ride – Good Feeling, Kanye West – Who Gon Stop Me, Kaskade ft Mindy Gledhill- Eyes, Steve Aoki -Ladi Dadi, Randy Taylor-Weber ft. Mogli – Take Me Back to Vegas, Lady Gaga – Marry The Night, Havana Brown – Get It, Steve Aoki ft. Lil Jon and Chiddy Bang – Emergency, Sneaky Sound System – Pictures, Red Hot Chili Peppers – Otherside, Calvin Harris – Feel So Close ... and more.

DJ Spryte is one of the few DJs that I will always support and always be fond of. I met him a few years ago during what I like to call The Golden Years. He played pretty regularly at LAX alongside DJ IMG and a few others I have grown to love. He is one of the DJs that provided the soundtrack to my party days for quite a while, and for that I will always be thankful.
