Laidback Luke combines his sound with **Kryoman**'s signature style for their remix of "Loaded", providing a refreshing and upbeat dance hit for the masses. Already receiving support from **Fedde Le Grands** podcast Darklight Sessions, as well as Mix Mash Radio, UMF Radio. Or you might have heard a live at Mad Decent Block Party, EDC and Ultra Croatia and Japan this year. The lyrics are fun to listen to and flow well with the tempo of **Kryoman** energy from the original track, which is something Laidback Luke stays consistent with over the years with his remixes. "Loaded" is out now on Spotify and will be available through Beatport on **February 16**.
