[Shaquille O'Neal](#) is going from the backcourt to Beatport.

Teaming up with Miami-based DJ/producer/neon robot performer Kryoman, the former NBA star has doubled down on his fledgling dance music career with his first production as DJ Diesel.

On "My Squads LIT," Shaq and Kryoman turn in a simmering trap number with pitched-down vocal verses and a hardstyle-inspired synth drop that transitions back to smooth broken beats. It's a fun and jaunty record that promises to feature prominently in the four-time NBA champion's festival debut at TomorrowWorld next week.
